Oplink's TripleShield™ wireless security, monitoring, and surveillance system is a first-of-its-kind, plug & play home security solution for your home or business that requires no pairing and installs in minutes. TripleShield provides reliable, 24/7 high quality live video so you can monitor your home or business from anywhere in the world, and it seamlessly integrates multiple video streams from different locations into one easy-to-use smartphone interface.

Leveraging our Smart & Secure Cloud Technology and integrated software service platform, TripleShield provides fast, accurate alerts and notifications to multiple authorized users. It will even record and send a video clip 5 seconds before and 25 seconds after an event is triggered, providing you with the verification you need to take appropriate action.

Like all Oplink solutions, you can quickly and easily expand your system at any time by adding other Oplink plug & play devices, such as additional cameras or sensors.

I am **smart**, so is my **home**

- ✔ Have peace of mind secure your home as well as your holiday home.
- ✔ Make sure your elderly parents are OK. Get alerts when your kids come home from school. And watch over your pets when you are not home.
- ✔ Don't pay for installation. DIY. Truly 'plug 'n play' smart system.
- ✔ Protect doors, windows, manholes, even your liquor cabinet, safe or jewelry box. Move around your camera or sensors as and when you want.
- ✔ Renters, take it with you when you move. No wires!
- ✔ Stay connected whenever and wherever you are through your Smartphone.
- ✔ Don't pay for traditional monitoring as police will not attend without visual verification.
- ✔ Receive real time push notifications with audio and video to visually verify if an alarm is real or false.
- ✔ Have 5 other family members connected who will also receive push notifications simultaneously if the alarm is triggered. Add 5 more contacts like friends and neighbors for a second level of protection..
- ✔ Get discounts on your insurance for having 24/7 monitoring with video and visual verification of incidents.
- ✔ Add on other devices such as Smart Plugs, Flood Detector, Heat & Sonic Fire Detector, and Panic/Duress Buttons.

Yes! You can count on us

My Home Connect is the residential/consumer arm of the highly successful and respected company Omnivision (www.omnivision.net.au). Since 2000 Omnivision have protected and secured some of the biggest companies, corporations, and government bodies.

My Home Connect came into being as a result of new technological developments in smart devices, cloud technology and connected devices. My Home Connect provides security,

safety, home automation, and peace of mind at a fraction of the cost of other providers.

My Home Connect sources products only from reputable globally recognised companies. The Oplink product is made by Oplink which is NASDAQ listed and located in the Silicon Valley in California USA.
